On the physical effort contributing to the win

“Well, we pride ourselves in our physicality. At this point in our program, that is how we are going to win games. That is always how we are going to win games. I’m just so proud of how hard our guys played. They played hard early. They played hard late. They overcame some adversity. It was a complete team effort.”

On aggressive play-calling

“Our number one goal coming to New Orleans to participate in the Sugar Bowl was to win the game. We weren’t just happy being here. We were going to win the game, and we were going to do everything that it took to win it.”

On the impact of the senior class and looking ahead

“I can tell you they are going to go down as the most influential senior class, certainly in our tenure here, because of the culture that they have instilled, the culture that they have upheld as well. That locker room has finally become a player-led team, instead of a coach-led team.”
